AGING AND SAFETY

Each year many older adults are taken advantage of over the telephone by people who pose as an employee of a legitimate-sounding company. These con artists may say they are calling from a company, charity, or

other organization. They may claim that you have won a prize or that they can give you a great deal or service like driveway paving or home repair. Often disreputable persons want money before you can claim the prize or before they deliver services.

Here's how you can protect yourself from being swindled over the phone:

Register for Do Not Call Lists.

Consumers can register phone numbers for the Oklahoma and National "Do Not Call" lists through the Oklahoma Attorney General's Office online at www.oag.state.ok.us or by phone at 1 800 390-5708.

When registering, consumers will be asked to provide their name, physical address, county and email address.

Screen Calls *Sc*

caller ID, an answering machine, or voice mail to screen calls for telemarketers.

Resist Pressure from Telemarketers

*Reputable companies will allow you time to make an informed decision. If the person on the other end is pressuring you to make an immediate decision it is most likely a scam.

Protect Your Personal Information

*Only give out payment information like credit card numbers or checking account numbers when you are making a purchase.

*Do not give your social security number to anyone over the phone without investigating

Find Out More About the Company

*If you have doubts, concerns, or complaints about a company, you may contact the Better

Business Bureau (BBB) or visit www.bbbonline.org

*The BBB can give information about a company before you make a purchase, as well as help resolve complaints after a service has been delivered

Beware of Suspicious Contests.

*A reputable organization should not require you to pay money in order to claim a prize

*Do not enter contests with a business with which you are unfamiliar

If you think you have been the victim of a telephone fraud or would like more information about telephone frauds call:

National Fraud Information Center at 800 876-7060 or Attorney General's Consumer Protection Office at 800 390-5708
